EDUCATION

- **Indian Institute of Information Technology Bhopal** Nov 2023 - May 2027
Bachelor of Technology in Electronics and Communication Engineering Bhopal, India

EXPERIENCE

- **NixonBit** Apr 2025 - Jul 2025
Full-Stack Web Developer Intern Remote
 - Collaborated with **cross-functional teams** to deliver **3+ user-facing product features**, translating **user requirements** into scalable product solutions and improving overall **user experience**.
 - Developed and integrated **8+ REST APIs** using **Node.js, Express.js, and MySQL**, improving backend performance and supporting seamless frontend-backend communication for **key user-facing features**.
- **Code Craft Studios** Sep 2025 - Dec 2025
Software Product Intern Remote
 - Participated in **10+ feature planning and review discussions**, contributing to requirement analysis, workflow design, and usability improvements across product modules to enhance **user experience and engagement**.
 - Built and integrated **6+ REST APIs** using **React.js**, supporting core platform functionalities and efficient data exchange to improve reliability, scalability, and overall user experience across multiple user-facing product features.
- **NirveonX Omnicare Pvt.Ltd.** Feb 2026 - May 2026
App Developer Intern Remote
 - Worked with stakeholders to prioritize improvements across **5+ application modules**, ensuring alignment between user needs, business requirements, and product goals through structured feature planning discussions.
 - Resolved **10+ technical issues** and optimized application workflows, improving platform stability, performance, and overall user experience while reducing operational bottlenecks across key product modules.

PROJECTS

- **ConnectIQ — Product Strategy, RICE, Next.js, MongoDB** [GitHub](#) — [Live](#)
 - Built **ConnectIQ**, an **AI-powered Networking CRM**, and prioritized **10+ product features** using **RICE** to streamline recruiter outreach and networking workflows for students, enhancing **user experience**.
 - Designed end-to-end recruiter outreach workflows and defined **Recruiter Response Rate** as the **North Star Metric**, supporting **50+ recruiter interactions** and guiding product optimization efforts.
- **LMS — Product Strategy, User Research, User Flows, Product Metrics** [GitHub](#) — [Live](#)
 - Defined user workflows and prioritized **6+ product requirements** for a **Learning Management System (LMS)**, focusing on improving learner engagement, course accessibility, and overall user experience.
 - Created user journeys and workflow designs for students and instructors, contributing to **5+ core product features**. Defined **Product Metrics** and usability improvements to support learning outcomes and adoption.
- **My Tools — Product Design, User Flows, Product Metrics, Analytics** [GitHub](#) — [Live](#)
 - Built **My Tools**, a user-focused web utility designed to centralize **5+ essential system insights**, improving information discoverability, reducing user effort, and enhancing overall **usability and accessibility**.
 - Conducted workflow analysis and implemented usability enhancements, contributing to a more intuitive product experience while ensuring **100% responsive accessibility** across devices and improving overall user satisfaction.

TECHNICAL SKILLS

Product Management: Product Strategy, User Research, PRD Creation, Roadmapping, RICE Prioritization

Product Analytics: North Star Metrics, KPI Tracking, Funnel Analysis, A/B Testing

Product Design: User Personas, User Flows, Wireframing, UX Analysis

Technical Skills: SQL, JavaScript, React.js, Next.js, Node.js, MongoDB, REST APIs

Tools: Jira, Notion, GitHub, Postman, Google Analytics

ACHIEVEMENTS

- Led end-to-end product planning across **3 projects**, including PRDs, roadmaps, feature prioritization, and product metrics frameworks to drive structured decision-making and user-centric product development.
- Defined **North Star Metrics**, success KPIs, and feature prioritization frameworks across multiple projects to improve product planning, outcome measurement, and user-centric feature development.
- Achieved **2nd Rank** in **Inter-IIIT Bhopal Coding Competition (2025)**, demonstrating strong analytical thinking, structured problem-solving, and execution skills.
