[Portfolio](#) — [LinkedIn](#) — [GitHub](#) — [LeetCode](#)

EDUCATION

• Indian Institute of Information Technology Bhopal

Bachelor of Technology in Electronics and Communication Engineering

Nov 2023 - May 2027

Bhopal, India

EXPERIENCE

• NixonBit [Certificate](#)

Apr 2025 - Jul 2025

Full-Stack Web Developer Intern

Remote

- At NixonBit, I developed **3+ full-stack applications** using **React.js, Node.js, and Express.js**, focusing on building **responsive (UI) user interfaces** and scalable application flows suitable for real-world usage.
- Designed and implemented **8–10 RESTful APIs** secured with **JWT authentication**, and **optimized MySQL queries** to improve backend response time by approximately (**20% faster**).

• Code Craft Studios

Sep 2025 – Dec 2025

Full-Stack Web Developer Intern (React.js & Spring Boot)

Remote

- Contributed to the development of **5+ frontend features** using **React.js**, creating reusable UI components and improving application responsiveness. Assisted in backend development by supporting **3+ Spring Boot modules** and implementing **RESTful APIs** to enable smooth data exchange between frontend and backend systems.
- Integrated and tested **6+ REST API endpoints** to handle user data and application workflows, ensuring reliable communication between services. Worked with **SQL/NoSQL databases** to manage and retrieve data for **4+ application functionalities**, improving data handling efficiency and backend performance.

• NirveonX Omnicare Pvt.Ltd.

Feb 2026 - May 2026

App Developer Intern

Remote

- Worked as an **App Developer Intern at NirveonX Omnicare Pvt. Ltd.**, contributing to the development and improvement of mobile application features. Collaborated with the development team to implement **5+ application modules**, enhancing functionality and improving overall user experience.
- Optimized **UI components and backend integrations**, resolving **10+ technical issues** to improve application performance and stability.

PROJECTS

• My Tools — Node.js, Tailwind CSS, React, Vite

[GitHub](#) — [Live](#)

- **My Tools** is a **lightweight, responsive web utility** that provides **5+ essential system details** (IP, browser, screen, user-agent) through a **clean and intuitive interface** with **fast performance and accessibility**.
- Strengthened **frontend architecture** and **browser API integration** by building a user-focused web tool, improving **performance optimization by 30%** and ensuring **100% responsive design** across multiple devices.

• LMS — React.js, Next.js, JavaScript, Node.js, Express.js, MongoDB

[GitHub](#) — [Live](#)

- The Learning Management System is a full-stack application developed to support structured online learning and content delivery. It enables users to browse courses and learning materials through a smooth interface, supported by **6+ pages** and **8–10 backend APIs** for users and courses.
- Working on this system improved my understanding of full-stack application design and state handling by implementing **5+ core features** such as course listing and role-based interactions within an education platform.

• Readable-bookstore-main — Python, Django, JavaScript, HTML, CSS

[GitHub](#) — [Live](#)

- Readable Bookstore is a full-stack e-commerce application developed to simulate an online book purchasing platform with end-to-end user interaction. The system allows customers to browse **20+ book listings**, view detailed pages, manage a cart, and complete purchases through a structured and intuitive shopping flow.
- This project strengthened backend development skills through **3+ relational data models**, secure transaction workflows with validation, and complete order lifecycle handling within a commerce platform.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Go, Python, C++, java, SQL

Backend Development: Node.js, Express.js, RESTful APIs, GraphQL, Microservices Architecture

Database Management: MySQL, PostgreSQL, MongoDB, Redis, Database Optimization, Query Performance

Web Technologies: HTML, CSS, React.js, Next.js, Bootstrap, Tailwind CSS, Responsive Design

Cloud & DevOps: AWS (EC2, SES, S3), Docker, Git, GitHub, CI/CD, Production Deployment

Tools & Frameworks: Postman, VS Code, Django, Selenium, Flask, Fiber, Electron.js, Version Control

ACHIEVEMENTS

- Achieved **top 4%** ranking on [CodeChef](#), reflecting strong algorithmic and competitive programming skills.
- Secured **3rd rank** in the HackWithGDSC Hackathon conducted by GDSC Club IIIT Bhopal.
- Achieved **2nd Rank** in **Inter-IIIT Bhopal Coding Competition (2025)**, demonstrating strong problem-solving and competitive programming skills.
